Subject: Rolling Knolls RPM Update

As you all know, Betsy Donovan has been working with Tanya Mitchell to become familiar with the site over the past few weeks. However, due to workload issues, Betsy will now be the RPM for Rolling Knolls, effective today. All communication and correspondence on the project should be directed to her.

Thanks to Tanya for her efforts on this project over the years.

Please share this information with anyone else I may have missed. Any questions, please let me or Betsy know.

Thanks.

Michael Sivak
